Rain.—The rain-fall for this season of the year was very deficient, being only one inch 23½ cents as compared with 4 inches 87½ cents, the quantity registered in the corresponding month of last year.

Crops.—In consequence, the jola crop failed entirely in the Mysore, Chamrajnagar, Gundulpet and Mandya Taluks, as well as in portions of the Ashtagram and Nanjangúd Taluks. The gid-ragi crop which looked so promising in the Periyapatna and Yedatore Taluks also failed from want of rain when it was coming into ear. The ryots are much disheartened.
